1399 words, and my ghost story, **The Other Chance,**; is done.

The story in first draft runs 7641 words.

I always add some words in second draft, because my first drafts run lean.

I like my ending, I like the twist I got, and I definitely did not see the last bit going the way it did.

I'm going to collect my short paranormals into a Kindle edition, I think, after this story comes out. Probably throw in a couple of original short shorts, and maybe some other things.

So. Anyway. That was my words.

How did yours go?
