This is the last week before the EarlyBird version of How To Revise Your Novel goes live, and I’m putting together the Lesson 1 Demo. Will be galloping all week getting the last parts of everything I need to have in place done before next week’s course registration.

I’ve been working since 9:30 AM, and it’s now 1:39 AM the next day and I’m still working. No time for ANY fiction today.

How did your words go?
