

# 2753 words, and the hottest interrupted sex scene I've ever written

Wow. I got kind of carried away. Writing today was **fun**. Wicked, hot, sweaty, dirty fun.

I can't post a teaser, dammit. There are only about two paragraphs in the whole thing that would pass muster for a PG-13 rated site. But head-banging wild monkey sex is hilarious fun to write. And characters are such fun to torture and frustrate.

Of course, tomorrow we get the villain's point of view on what just transpired – and what he does about it. That's going to be interesting to write, too, but way creepy.

Next on my schedule for the evening, one hour of **Angel** with the kids, followed by working on **The Wreck of Heaven**.
