There's hurting characters for the good of the story.

There's one-upmanship between two characters who have both provably been through some serious shit...

And then there was today, where I laughed my ass off while being Mean To Characters I Love(TM), where the one-upmanship got really, really intense.

452 words for the day, 3574 total on Ohio 5 after some days where I didn't get to do any words at all (because we're down to the wire on moving the site).

Today... was glorious.
