My word count is now at 16,901. But at least this time I'm finally in the overall plus column.

The work is coming along pretty well – reworking last night's and yesterday's material, getting ready for the next scene. I think, however, that somewhere in my schedule for today, along with *do laundry, hang out with kids, research, and write*, I'm going to have to include *take a nap*.
