

# Ads for the Clinics and for Ann Angel

By Holly Lisle

For those of you who are affiliates, I'm still developing ads for some of the books in the store. Have to get the 2YN books done, as well as Zette's fiction. There are serious disadvantages in being the Z in a group of writers.

But these are newest ads done. Available in standard as well as vertical banners, larger and smaller sizes, and just book covers, too.

The image displays two promotional banners. The left banner, titled "Published. It's an exclusive club...", features four book covers from the "Create A Clinic" series: "Create A Culture Clinic", "Create A Language Clinic", "Create A Plot Clinic", and "Create A Character Clinic". Each cover includes the text "Holly Lisle's" and "A Step-by-Step Course in Creating People and Plotlines for Fiction". The banner concludes with the text "Get a set of keys. BUY TODAY READ TODAY \$9.95 ea." The right banner is for the historical novel "1799: Germany" by Katharina Gerlach & Anke Waldmann. It features a book cover with a house and the text "Ann Angel's Freedom". The banner includes the text "The world of serfdom into which Ann Angel was born is vanishing. But can she survive when freedom claims a price nobody wants to pay?" and "BUY today, READ today". The price "\$4.99" is prominently displayed at the bottom.
