So. I'm trying out Twitter. Here's the thing. I have no idea WHY I'm trying it out. I have been assured by certain people that it is the coolest thing since discoing in Jello, and when I protested that I'd never tried that either, I got a look.

In any case.

This is my Twitter feed. http://twitter.com/hollylisle

If you know why this is a cool thing, please tell me. Pass on what's interesting, and what I need to learn how to do… and how to do it, if you happen to know.
