

And the Project Dolphin Throttle

written by Holly

July 26, 2002

By Holly Lisle

Ah, yes. And lest I forget, I currently have 12,693 keystrokes sitting uncounted on my work computer, because the Project Dolphin server is throttling them. After the exciting, nay, thrilling experience with FeaturePrice.com, my attitude toward being throttled is to throttle back.

Arrrgh.

I'll try to send them again tonight. But talk about frustration.
