When love is a crime, who will save the guilty?

That's the question at the heart of the first story in my *Tales from THE LONGVIEW* series.

I'm releasing the story as permanently free. You can read the first chapter on the page, then *download the complete story here*.

I'll be adding all the other places where you can get the story as they go live. But my readers get the free stuff first. ☐

Important note: This story was previously published as *Enter the Death Circus* – a title that turned out to be really bad.
