

Caught up late yesterday

I did not pull ahead, though. "Late" in this case was really, really late. But I'm close to finishing the day's work, and am going to push ahead and see if I can, in fact, gain a bit of ground on the deadline. Any extra time I can win for the type-in, which is going to be rough, I want.

Still excited about the new scenes I'm getting. Starting on the third one of the day, and the first of the day's major ones. This one will change the final conflict scene, but for the better.

Thank you so much for the encouragement. It helps tremendously.
