

Didn't sleep last night... didn't write well today.

I got words. 439, to be precise... and I'm pretty sure all of them were garbage.

I pulled the plug on the writing, and I'm pretty sure that tomorrow, after I've had sleep (assuming I can sleep tonight – I don't have frequent insomnia, but when it hits, it can run for a couple of days) I'll end up deleting everything I wrote today.

So...

Sometimes you just have a shitty day at work. For me, today was that day.
