

Do you remember the Hampsters

Once upon a time, the dumbest site on the Internet, but one of the most weirdly addictive, was Hampsterdance.com (yeah, it was misspelled).

Out of some weird perverse urge, I looked it up today. It's gone, replaced by Hampsterdance2.com. None of the charm, a million times more merchandising.

But in my disappointment at not being able to find the original intact, I did discover this little gem. **Hamster Blast.**

The weird quirky charm of the original Hampsterdance, plus vengeance for that damned song getting stuck in your head. If you aren't opposed to a bit of animated gore, I highly recommend this site.

Though probably not while you're at work.... It's a bit too fun for that.
