Reprise of the tragicomic opera Headache, with Occasional Light Flares. Going to go flop on a horizontal surface for a while, but I got all the way to 80,367 in **I See You**, and I'm on the big last conflict. It was going so well I had to **make** myself stop to work on CCC.

I had to cut a bunch of words on CCC, but I also managed to restructure the book, solving a huge problem I was having with it. Tomorrow should see some good headway.
