Aleksa gets an admission from Ki that something she'd already basically figured out is true.

I'm basically happy with what I got tonight. But mostly, I'm happy I got anything. The past few days, this little bit of writing has been the sum total of my accomplishments. I haven't tracked down the source of my exhaustion, so I'm going to turn in again.

I apologize for my lack of comments on your posts. I'll pick up when I get my energy back. In the meantime, I'm cheering you on, and I am still reading posts, though it's taking me a day or two to get to them.

I'm turning in now.

If you're playing "Write a book with me" on level two, 500 words is your actual goal for the day, not 520.
