Okay. Took a while because I've rewritten the same two chapters three times.

But I got it. Had previously added two thousand words to the first revision, added three thousand more today.

And FINALLY I love what I got. The story will go to my copyeditor tomorrow, I'll figure out in the meantime what sort of cover I want for the thing.

And meanwhile, I now have HTWAS Expansion Module 1 outlined. I'll be working on that tomorrow.

I'm tremendously excited, both about the story, and about the course.
