Fiction Reader Segmenting Page

Awesome! Thank you for letting me know one genre of fiction I write that you like.

I'll let you know about that kind of fiction when I have something new.

If I'm only writing in one genre you like, you're done.

If you like other genres in which I write, go back to the email that brought you here, select the next link that applies to you...

... And you'll come back here again.

When you've added everything you want... do the happy dance. ☐

Cheerfully,

Holly
