

Finished with 33 Scenes; Now

By Holly Lisle

Got 33 scenes yesterday, but I've realized that I am running long – that doesn't include the necessary interstitial scenes, and I have close to half the book yet to go. I thought I was farther along than I was.

So after I get all the scenes I think I'm going to need, I'm going to end up having to trim and revise and delete anything that isn't critical to keep the book at length.
