Cover for *Fire in the Mist* – Painting by Stephen Hickman

The painting for **Fire in the Mist** is by Stephen Hickman, and it's stunning. The printing and copying followed by the scanning process lose much of the color depth and the richness of the piece, which is a large oil on canvas. It was the painting for my first book, and I think I owe a lot of my subsequent success to the fact that it was so good – in general, people don't notice first novels by unknown writers.

I had no input on this at all. I was just lucky.
