

# Got more of one scene than I wanted, but... 10,652 words total, and 1265 for the day.

By Holly Lisle

Sometimes you write something knowing it's going to have to be edited down in revision – and today I ran long on a piece of my main character's past.

It was important, but I still have a pretty good idea that in revision, this is part of the book that will come out shorter.

But... got the words and while I'm running behind, now I have to get the other stuff.
