

Happy Father's Day!

By Holly Lisle

To each of you Dads out there, my wish for a joyous day for you and your kids. May you get to sleep as late as you like, get lots of hugs and kisses, eat good food, and and know that you are loved and appreciated for the things you do.

And so that my guy has a wonderful Father's Day, I'm now off to grab the kid, who is once again singing loudly enough to wake the dead, much less one tired man who would really like just one more hour of sleep on his day off.
