1264 out of 1250 needed.

Things are mean, and scary, and my MC is in deep trouble. Which isn't nice, but which is in fact pretty much what you want to be going on in the middle of a novel.

I have NO CLUE how she's going to get out of this. None.

When the nature of her problems revealed themselves to me, my gut response was, "Oh, shit..."

And tomorrow, when I come back to this, I'm still going to have that floating there.

Writing-wise, it has been a very good day.
