Plan for today. From 118,749 words to 121,749 words. Then talk to my agent about my proposal for Claire, see if I can get the bugs worked out before we send it. Then start on the new proposal for the work-for-hire. Got a good subject last night, did some big research, and I think I have what I need to put something good on paper.

So, potentially a longish day, writing-wise.
