## *Hunting the Corrigan's Blood* – Painting by Stephen Hickman

✘ The cover art for Hunting the Corrigan's Blood is by Stephen Hickman, the second of the covers he did for my books. I like the high-tech-ness of this cover, but I had no input in it. The scene in the book is the one where Cadence Drake and Badger are removing the Transfold Navigational unit from the ship they'd just beaten in a brutal battle so that they can repair their crippled ship, and they are discovering that something has survived on board the enemy vessel.
