Having gotten the MacRant out of my system – that's been building up for years, dammit – I'm getting back to work on HAWKSPAR. Start point today: 46,582 words. Finish point: 49,582 or better. I might push for 50,000 just because I'll be so close, and that will put me 25% of the way through the book. Love those round numbers.
