

I Left out the Whole Freaking WORLD!

By Holly Lisle

Writing Lesson 2 of **How to Revise Your Novel** right now, and discovered that I left out the World Check in Stage I, the Trauma Triage stage of the course.

Which makes World Check Lesson EIGHT, and bumps the course up to 22 lessons.

That's a full five months. Up from the **three** I'd hoped to manage it in originally. I should have known better. Revising a novel is easily three times as complex as writing one in the first place, and breaking it down into techniques and logical reasons why you do things, and why you do them in a certain order, takes time, too.

At least the lessons are coming together nicely.
