I’m still out of action

Still fighting regular migraines, with the icepick variety tossed in for extra fun. I can’t really say how the vertigo is coming—the last few days, I haven’t stood up long enough to find out. I am accomplishing ***nothing***. It’s driving me nuts.

Something considerably more important: Not long back from a TDY the Middle East, the Air Force Kid has extended his enlistment in the military in order to take a year-long assignment right in the middle of harm’s way.

Please keep him in your thoughts.
