

I've printed off your replies for the #HTTS Ultra Surprise

By Holly Lisle

I printed off all 270 of the replies on the post at the moment. You can read all existing comments and STILL add your biggest writing problem to the list. I'll continue to manually add any new comments to the existing list THROUGH THE END OF SUNDAY, EDT. You'll still be able to add your comments after that, but they won't make it into what I'm building.

I know exactly what I'm going to do now, and I just need to separate the responses I got (plus those I get this weekend) and see how many of them fall into similar categories, and where the variations are big enough to create subcategories...

...but...

☐ You'll like this. I'm unbelievably excited. I'll let you in on the details on either Tuesday, or Thursday, depending on how long I need to put all those replies into a useful and comprehensive order.

Thank you SO MUCH for your responses.
