

Late start, with headache

By Holly Lisle

Not the way I want to get to work. Really. But today is a Baanraak day, and I so enjoy writing Baanraak. 2500 words on this.

And following that, revisions on the proposal. I have Matt's crits in hand, and am ready to go in and tear it apart. No word limit on this, just whatever it takes to make it better. I told my agent not to expect the proposal until around next Friday. That will give me the time I need to make it right.
