Nothing about indie publishing is simple. Making your own cover art is actively difficult.

You can create acceptable cover art, but it takes a lot of trial and error, and some good feedback helps. I had help through the first rounds of this, and now have replacement cover art for:

LONGVIEW 1-Enter
the Death Circus

-
- TALES FROM THE LONGVIEW Episode 1: Enter the Death Circus
 - TALES FROM THE LONGVIEW Episode 2: The Selling of Suzee Delight,

and NEW cover are in the new series style for

▪ **TALES FROM THE LONGVIEW Episode 3: The Philosopher Gambit**

LONGVIEW 2-The
Selling of Suzee
Delight

I finally managed to make the covers all obviously science fiction, but kept the personal aspect with characters, and figured out a way to keep my original titles for the first two stories while coming up with a new title for the third that did not hit readers with my episode main character's name before they were ready. *Bashtyk Nokyd* will now be IN the story, but not spelled out on the cover.

LONGVIEW 3-The
Philosopher
Gambit
