My editor and I discussed numerous concepts for the book – I tossed in ideas, she suggested things, and I conceded that I really didn't know what to do with this.

Thankfully, the artist did. I think this is an amazing cover – it captures the tension and danger in the story beautifully. It's a great concept cover that manages, at the same time, to pull in a couple of the scenes.

I'm waiting to receive information on the artist; will post it when I get it.
