I got twelve scenes, but I feel like hell, so I'm going to have to let it go at that for now.

On the bright side, the almost-seven-year-old just figured out how to do bar chords, and even threw in a very preliminary tremolo while practicing electric guitar. Going back to bed and cover my head with a pillow so the Budding Rock God can keep practicing.

I'm not standing in the way of any endeavor a six-year-old is willing to practice on for four hours at a time – while sporting a guitar-born blister on his thumb, no less.
