Got a little sidetracked this morning.

Had a 9th grader ask me if I had any suggestions about how to write from a prompt.

Was a nice, literate email, and it asked about PROCESS, not if I could help with the actual homework.

So I added a new article to the site: How to Write Something Good from a Prompt

Because I figured:

1. This is not the only person who's ever been confronted by this issue
2. If I'm going to figure out the directions, I might as well put them where anyone who needs them can find them.

And now... Mwah-hah-hah! Today's HOUR OF FICTION begins. Just about finished with the revision of *The Vipers' Nest*!
