

# Now – The HAWKSPAR 3000

By Holly Lisle

Now that I know where things are on the ship, and how to get from place to place, and what I'll find there, and how many people are on board, I can, perhaps, get back to writing the book.

I STILL need to know what's going on with Hawkspar herself. Don't have that yet, not sure how I'm going to get it. Some question-and-answer talk with her might help. (Don't laugh. Sometimes the only way you can figure out your damned characters is to ask them what you want to know, and then let them tell you. It's a very weird ego-to-id game that you play with yourself when the book gets difficult.)

Watch the WIP bar. Should be interesting to see if I get anywhere.
