I did the nerd test. I'm pretty nerdy. I did the Mad Libs Fairy Tale. It was a keeper. Decided to keep it here.

I don't know what to call it. Sad, maybe.

Once upon a time, there was a **superfluous**, **trite** girl named **Gloriana**. Everyone loved **Gloriana**, but that didn't matter. You see she was **charming** and in love with **Fred**, who happens to hate **charming** girls. **Gloriana** tried very hard not to be **charming**. She even tried **limbo dancing**. But that didn't work.

Then one day while **plastering** through a very **over-used upstairs**, she **wheezed** upon a **naked kangaroo**. This **naked kangaroo** spoke to **Gloriana** and said, "If you can answer my riddle I will grant you a wish."

Well **Gloriana flew**. And she **nattily** said, "What is your riddle, **clairvoyant kangaroo**?"

The **kangaroo** replied, "If a **werewolf** has a **birth control pill**, how many **pills** does it **flog**?"

**Gloriana** thought about the riddle and answered, "15!"

The **kangaroo** began **weeding**, than it **slept**, and turned into a **bread slicer**. The **bread slicer digressed** and said, "You are correct! You turned this old **kangaroo** into back into a handsome **bread slicer**. What is your wish?"

**Gloriana** was so happy! She knew exactly what she wanted, "I don't want to be **charming** any more! That way **Fred** will fall in love with me."

The **bread slicer** then **obfuscated** his **naked thermometer** and

**Gloriana** was no longer **charming**! She left the **upstairs** to find **Fred**. When she did, she found him **sneezing Tillie**, the **paltry** girl from **Cleveland**. And **Fred** and **Tillie** lived **sloppily** ever after. **Gloriana**, on the other hand, died a **purple** spinster.

The end.

You can create your own Bold Words Fairy Tale here. But do you think you should?
