

# Passed Page 850 This Morning

By Holly Lisle

Slid about halfway to the end of page 852, as a matter of fact. And had a lot of fun doing it. Hero and heroine are in desperate straits, enemies all around, death narrowly averted not just once but from several different directions, and a bit of fun with slime and creepy crawlies in absolute darkness.

Even at 4:30 in the morning, I like my job.
