

Past the Halfway Point on “The Selling Of Suzee Delight”

By Holly Lisle

I wrote 2004 words, and have now completed more than 10,120 words of the story, so I'm past the halfway point.

Today Kagen, after finding himself dumped from the *Longview*, located a strange temporary job in the City of Furies processing protests from famous people regarding the trouble in which Suzee Delight finds herself.

And Melie, still Two Gold, uncovered encrypted transmissions to and from the *Longview*, and tracked them to a passenger room on the ship and to a location on the planet below that has been kept out of the planetary index.

So its going well, and I hated to quit, but I have to do site stuff.

I'm looking forward to tomorrow, and to seeing what happens next.
