

# Patron Saint of “C”

Just found the image that will personify “C” as I write it. She’s both the main character, and personifies a bunch of the themes and subthemes. (“C” isn’t an even vaguely religious story – the “dark saint” thing fits in the backstory, though.)

This is a cut-down, cropped, and abused version of the original – the artist is Doc Hammer. In my mind, this painting would work as the cover of C.
