I've written about four thousand words today of all-new material—the ONLY thing I still have to add is detail on **Line-for-Scene, Take Two**. And I have a few more typos to hunt down and kill.

Thought you might like to see the table of contents. Line-For-Scene, Take Two, all the way at the bottom, will have more pages and headers than it has now, but otherwise, this is close to gone gold.

Introduction: What Is Plotting (And Why Is It So Hard?) 8

Plot Is... 8

Where Plots Are Born 9

Plotting's first home is your logic. 9

Plotting's second home is your life. 9

Plotting's third home is your Muse. 10

A word of warning on dealing with the subconscious 11

How Plots Grow 12

Before you start writing 12

While you're writing 13

While you're revising and editing your first and subsequent drafts 13

While you're plowing through you're editor's final revisions 13

Section IV: Plotting While Writing 153

Fix an Existing Project 155

Start by building a line-for-scene outline on white index cards. 156

Now you have to fix the line-for-scene. 157

First you define the problem. 157

Then you decide on a course of action. 158

Then you write line-for-scenes for existing scenes on plot cards. 160

Finally, create fresh plot cards for the rest of your book. 161

Dance With the One Who Brought You 162

Rethinking Plot Points 162

Donâ€™t panic. 163
