This morning it looked like I was going to be lucky to be done by Thursday. But I caught a tailwind – or some adrenaline – and I'm currently sitting at 81,101 words. Have cut a bunch of words that don't have to be replaced. Current total manuscript length is 90,093.

My guys took off for a few hours to give me a chance to wrap this up. My goal now is to finish this today so that I don't have to turn on the computer again until the 28th, to print out the manuscript, read it, and mark and correct typos. I'll have until the 2nd to do that.

So. Onward.
