Artwork is **Saint No. 35**, by Doc Hammer

You’ll find a couple of hints about the story **C** in this soundtrack. HOWEVER – it is about neither the War Between the States, nor angels. And as a data point, all the stuff credited to Ken Burns is in fact from the soundtrack for his brilliant documentary The Civil War. My Mac automatically filed Burns as Artist, and I didn’t feel like digging through

the ephemera to locate the folks who actually wrote those pieces. Lazy of me, I know.

**C** is going well. **Hawkspar** is still a naked crawl across broken glass, but I'm much happier than I was a couple of days ago.
