

Rolling Slowly Forward

By Holly Lisle

Got 2512 words on **Talyn** yesterday, passed 190,000 words, which was another big landmark, and I like the story I'm getting. It's taking me long, long hours to get 2400 words or better right now. Yesterday it took me six hours, the day before, seven. To get the hours I need, I'm getting up long before dawn (4-5 AM) and working until everyone else's schedule demands that I stop.

But I **am** getting the pages, even if I'm having a hard time doing it. I'm really looking forward to hitting the part of the book where the endrush kicks in, and all of a sudden the words start flying again. There's never any way of telling when that will hit, but I'm ready. **Soon** would be fine by me.

Meanwhile, I'm trying to find another snippet from the book that I can pull out and drop here, but at this point almost everything is rife with spoilers.
