Landed the ending, and I’m already thinking of the scenes I need to add to fill this thing out. And I’m excited about what I already have, which is always a plus.

I’m going to give myself a day off to think about other things, though. Then I’ll print the manuscript and One-Pass revise it. My final goal will be 60,000 words or greater. My objective will be to maintain very tight suspense.

Was a very, very good work day.
