

Shifting POV

By Holly Lisle

I'm now going through what was the opening chapter for HAWKSPAR and changing the whole thing from first-person POV to third.

It's going pretty quickly, but I'm subtracting rather than adding words. Which is not going to be a happy thing for the word count.

At least I found out I was writing the wrong main character in first person BEFORE I had half the book done. This is just a nuisance. Changing more than 100,000 words would have been a freakin' nightmare.
