I've been looking forward to writing this scene. And writing it turned out to be as much fun as I'd hoped it would be. I got to play a bit with Earth geology, and the problems of high finance and non-liquid assets (though I guess her new assets could be made liquid if it got hot enough)...

Anyway, today was a fun writing day that left me with a spiffy little twist I get to pick up on tomorrow... and now that I have my words, I still have a bunch of time left in which to catch up with all the non-writing work that builds up over the weekend.
