Still hanging with the objective of 2000 words per day. Hit 2084, and with them, something I did not know about my MC. Something dark and grim and gory – because far be it from me to write a main character who's past was full of sunshine and fluffy bunnies.

I'm 64,012 words into this now, with my objective being to hit 70,000, I'm discovering that I might have to run a little long to tie this novel off.

It's planned as the first in a series. I cannot wait to find out what happens next.
