The Rules of Posting

If you are debating a post in this weblog – mine or someone else's – and you don't want to see your posts deleted, bear in mind the following rules:

- **Be to the point.** I won't blink at deleting a post that misses the point of the blog entry in favor of attacking some side issue or unrelated issue that you think I SHOULD have addressed instead.
- **Don't attack individuals.** If you're angry and writing quickly and you discover that the word "you" appears in your post, you'll very likely find yourself deleted. I also don't choose to tolerate name-calling or libel.
- **Think your argument through before posting it.** Do your best to avoid fallacious arguments.

HOWEVER … I reserve the right to delete any post for any reason. My blog; I make the rules.
