I had some thoughts after I went to bed last night about how to make yesterday's scene better – I'll head in and add some of those changes first, and then go to today's scene, in which Lauren challenges the barrier between her and the afterlife. I'm looking forward to today's writing.

And I've got the exercise thing going – might not be able to bench press 125 anymore, but give me a few weeks with my thigh sculpter and I'll be able to crack a walnut with my knees. Hah! A worthy goal.
