

The Writer's Heart

By Holly Lisle

I'm going to point you at a relatively new weblog I discovered called THE WRITER'S HEART, written by Charles Towne. Towne has a way with wildlife and photography, and has had adventures of astonishing and frightening sorts...and his weblog is a lot of fun to read.

Better yet, he's an opinionated cuss, which I find both delightful and charming, (and I haven't yet spotted a four-letter word in a single post, which puts him higher on the politeness scale than me). Drop in, tell him hello, and look over what he's put together so far. I think you'll like him.
