I've had my little take-it-easy-vacation. It's time to get back to work and fall into the story. I want to get 2000 words today. My starting point is 76,450. I want 78,450 or better by the time I hit 'sleep'. I have about three hours to get it. That shouldn't even be a breaking-a-sweat pace.

::Nods to the guy on the sidelines with the starting pistol::
Right, then. Back later, with the race results.
