

Tough, Tough Going

I have my heroine's profession, my hero's profession, the terrifying way they end up together. The dog. I have this GREAT dog.

What I'm missing now is the specific crime, and if you want to have a miserable few hours, start looking up crimes on the internet. Bleh. I am standing fast on my No More Serial Killers oath, but even skipping those, the range of horrible things people can do to each other is absolutely unreal.

Fluffy bunny books. That's what I want to write. Perky, happy, cute little books. My brain just will not shell out any of those for me, and believe me, I've tried.
